**PLEASE NOTE:**

The majority of the Grenadine Islands have unlit runways, which close at sunset. Connecting times with some of the International carriers are limited; also when international flights are delayed there is insufficient time for the transfer of checked luggage. Therefore, we recommend that passengers carry overnight essentials in their hand luggage.

To assist handlers in identifying luggage and expediting its transfer, please tie brightly coloured ribbon on the handles of your suitcase

**\*Schedules and routings are subject to operations changes.\***
